Stephen F. Austin State University Student Internships

The Nacogdoches County Commissioners Court approved today, in a regular scheduled commissioners court meeting, an agreement between Nacogdoches County and Stephen F. Austin State University which will allow for formalized internships to become available in the County Extension office and at the Nacogdoches County Expo and Civic Center for students in the Department of Human Sciences. All students in the Human Science Department at SFA are required to do a 300-hour internship with a professional organization.

Internships with Nacogdoches County and SFA have existed previously through the County Extension Office but the opening of the Civic Center has created more internship opportunities for the SFA students to remain locally for their required hours.
