PRESS RELEASE

August 29, 2012

Re: Hurricane Isaac

County of Nacogdoches Officials participated in the Shreveport National Weather Service Conference Call this morning. Hurricane Isaac continues to slowly move north and west from the Louisiana Coast. Heavy rainfalls and strong winds will continue to move northward with it through Thursday. Nacogdoches County could face 2-4 inches of rain with some areas receiving 5-6 inches of rains. Winds are predicted to be 20-25 mph with gusts up to 40 mph in our area. We are likely to see downed trees and power lines. Area residents are urged to take precautions and to prepare for possible power outages.
