Subject: Public Access to TPDES Renewal with Amendment Application for
Nacogdoches Power Plant

Dear Judge English,

Enclosed is a copy of the Nacogdoches TPDES Permit application. Nacogdoches Power is required to make the application publicly accessible during the permit review period. We appreciate your assistance with this requirement and request that the application be placed in a suitable location in the Courthouse.

During the permitting process, the Texas Commission on Environmental Quality (TCEQ) may occasionally require additional information be provided for the application. When additional information is submitted to TCEQ, we will also mail a copy of this information to be included with the application.

Thank you for your assistance in this matter. Please contact me at (205) 257-2647 if you have any questions regarding this submittal.

Sincerely,

A handwritten signature in cursive script that reads "Circe Starks".
