

Poll Pad

iPad-based electronic poll book

Developed by election officials and proven since 2011, Poll Pad is the best-in-class, all-in-one poll book. Poll Pad operates on the familiar, robust iPad platform and features a configurable, easy-to-use interface.

Its ePulse Central Command application lets you manage your polling locations from a centralized console.

Secured with features built into the Apples IOS, Poll Pad works with Early Voting, Vote Centers, Same Day Registration, and networked and not-networked configurations.

With Poll Pad, you get:

- Simple, speedy setup and training
- Streamlined voter lookup and check-in
- Electronic voter sign-in
